ABOUT US

We discover new ways to build something unique.

We are a full service architectural studio that specializes in high-end design. The goal of Archist Design Studio has been to integrate the best of architecture's principals with inventive designs, creativity, spirit and cutting edge technology. Together, with our clients' vision in mind, our studio is committed to create architecture which is unique, inspiring and responds to the way our clients live, work and enjoyable life.

Design creates Culture.
Culture Shapes Values.
Values determine the future

MEET THE ARCHIST.....

Ibrahem Magdy owner and founder of **Archist Design Studio**. His designs specialize in interiors, architecture, planning, landscapes and layout solutions. Since his graduation with high honor, in 2012, Ibrahem decided to establish his own unique and master visionary design studio by applying the scientific concepts of **the colors psychology, ratios and energy efficiency**. Which always makes his designs a beautiful mix of art and science.
